**T**HE Changes made in the several Departments of Government, since the Accession of the present King, have been so numerous, that it is presumed a List of them will prove acceptable to the Public.

The Method pursued in this little Book, is, in each Office, first giving the Person or Persons who held that Department, at the Accession of the present King, and then the Changes, or Alterations, which have been since made, follow, with their Dates. No Pains have been spared to be as accurate as possible: But Notice of any Errors will, at all Times, be thankfully received by the Publisher; together with any Hints for Improvement.

To this Edition is prefixed, a List of the late and present House of Commons, shewing the Changes made in the Members of Parliament by the General Election in 1774.

# A LIST of the late and present Members of Parliament.

\* \* The names in Roman characters are the gentlemen elected at the General Election in 1768, and the names in *Italic* characters are the gentlemen elected afterwards.

\* \* \* The names in Roman characters are the gentlemen elected at the General Election in 1774, and the names in *Italic* characters are the gentlemen who were candidates. The figures shew the numbers who voted for each person.
